Investigatory Project

An investigatory project is basically any science experiment where you start with an issue or problem and conduct research or an investigation to decide what you think the outcome will be. After you've created your hypothesis or proposal, you can conduct a controlled experiment using the scientific method to arrive at a conclusion.

Chemistry Science Fair Projects |
CBSE Experiments and Models
This chemistry project is quiet
popular among students and mostly
appreciated by internal and external
examiners. The best part is that is
project is easy to perform. The
equipment required for this project
are easily available in the market.
