This Fundamentals course is the course you'll definitely want to have for your first semester of nursing school! We introduce the Nursing Process and how to start thinking like a nurse. We'll talk you through legal and ethical issues and how to handle emergency situations. This course will be helpful when you're in your Fundamentals class, all throughout nursing school, and even after you graduate as a reminder and a refresher of how to think like a nurse in every aspect of the job!

Fundamentals of Nursing | NURSING.com

Trusted content not only details the basics of nursing--health promotion, the use of scientific rationales, and the approved nursing process--but also builds essential patient safety, communication, and critical thinking capabilities.

Fundamentals of Nursing.: Amazon.co.uk: Taylor, Carol: Books

Kozier & Erb's Fundamentals of Nursing, Tenth Edition sets the foundation for nursing excellence by addressing the key concepts of contemporary professional nursing, including caring, health promotion, clinical reasoning, nursing informatics, evidence-based practice, ethics, and advocacy. Every chapter reflects the latest nursing evidence, standards, and competencies, as well as the increasing emphasis on aging, wellness, safety, interprofessional practice, and home- and community-based care.

Kozier & Erb's Fundamentals of Nursing (Fundamentals of ...

Compassionate care is seen as a fundamental element of nursing care. It involves working closely with patients and looking at them holistically rather than a medical condition. It is necessary for nurses to empathise with their patients to understand their thoughts and feelings which will then allow the nurse to reassure the service user in the most appropriate manner.

Fundamentals of Nursing - PDF Free Download

The care the individual receives should be coordinated so that everyone involved is aware of the plans; changes should be shared and transitions managed in a way that ensures the person and the people who are important to them are part of this. The individual should be able to access support from informed staff day or night. The individual should be assured that all staff involved in their care are competent, confident and compassionate.
