Similar to other bilingual education methods, the CLIL methodology (content and language integrated learning) is considered a model of good practice in Europe. It has been adopted by a large number of infant and primary schools in Spain, such as schools in the Bilingual Project in Madrid. CLIL is a form of dual-focused learning where emphasis is both on content and on language.

~~Integrating Content and Language~~—Language Magazine

Content and Language Integrated Learning (CLIL) is an approach where students learn a subject and a second language at the same time. A science course, for example, can be taught to students in English and they will not only learn about science, but they will also gain relevant vocabulary and language skills. It ' s important to note that CLIL is not a means of simplifying content or reteaching something students already know in a new language.
